Reactionary Note More Dminant on the Stock Exchange Yesterday.

CONCERN OVER WHEAT CROP

Indications That Government's Estimate Is Far Too Liberal. Bond Market Firm.

(By Associated Press.)

NEW YORK, July 14.—To-day's stock market was similar to yesterday's to the extent that strength and wekness were discernable in it side by side, profit taking in one quarter being offset by new advances in another. But the reactionary note was rather more dominant than yesterday and the late market failed to advances in another. But the reactionary note was rather more dominant than yesterday and the late market failed to respond in the same way to the efforts to effect a comprehensive rally. This was partly because the traders who fought the advance were more cautious than yesterday in putling short lines, the forced covering of which yesterday was an important factor in the late rally. The yolume of dealings to-day was considerably less than yesterday. Probably the most potent factor in the reaction was the absence of a decision on the Northern Securities distribution case. A pronouncement from the president of the Northern Securities Company of skeptics of the government's wheat crop estimate as far too liberal and a frank admission from the president of the Atchiferon of serious damage to the crop wrought by the rains, caused more secious attention to be given to the important question than yesterday. On the other hand, the more favoring condition of the cotton crop and the renewed for some benefit to the cotton carriers, notably Louisville and Nashville and Southern Rallway. These stocks shared with Reading, Amalgamated Copper and People's Gas the role of sustaining points in the market. The market closed irleguiar and slightly above the lowest. The bond market was firm; total sales, par value, 2,709,000.

United States bonds were unchanged on call. Total sales of stocks were 500,-100 snares.

North Carolina Veterinarians Adjourn After Interesting Session.

CITIZENS GROWING ANGRY

(Special to The Times-Dispatch.) GRDENSBORÔ, N. C., July 14.—The North Carolina State Veterinary Association, which has been in session here yesterday and to-day, adjourned at 12 o'clock, after electing the following State officers:

President, G. W. Petty, Greensboro. Vice-President, C. J. Fleming, Winston. Secretary, T. B. Carroll, Wilmington,. The association will meet in Concord next year.

Scientary, T. B. Carroll, Wilmington. The association will meet in Concord next year.

Dr. Adam Fisher, of Charlotte, stood a splendid examination for license to practice. Dr. Tait Butler made a valuable address on the progress of the State agricultural department in the gradication of Texas fever and the cattle tick by the extension of the quarantine in infected districts. A committee, composed of Dr. Tait Butler, T. B. Carroll and C. J. Fleming, submitted resolutions, which were unanimously adopted, recommending the co-operation of the State Medical Association to provide means whereby transmissable diseases from the lower animals to man may be stopped by means of better sanitary condition in dairies and slaughter houses, and calling for inspections of same by State and city authorities. It also recommended city or State ownership of all slaughter houses.

Dr. J. W. Petty, was recommended to the Governor for reappointment for the five-year term on the Board of State Veterinary Examiners.

REMARKABLE TOMATO.

The wonderful productive capacity of the soil here is illustrated by a cluster of large tomatoes, all just turning for repening, which Mr. J. A. Jones, of this city, cut from the stalk in his garden this morning. There are fourteen tomatoes on one stem, their combined weight being ten pounds and two ounces.

Near Brown Summit yesterday afternoon there was a heavy hall storm which greatly injured the growing crops of corn and tobacco.

Citizens here, who resent the constant advertisement of Greensborn as a "rum cursed town" by prohibition orators from rival cities, who speak here, and from some of the home preachers and writers, are preparing a statement to the public, which will show from police records in the past six months, that it is the most orderly city in the State, so far as arrests for drunkenness go.

A DRY CONVENTION.

The population here is over 20,000. The statement among other items will show (hat there was not a single arrest made for drunkenness. The single arrest made for drunkenness. The

were ten thousand visitors and excursionists and only two arrests, and that since
last Thursday; there has not been a
single arrest made for drunkenness. The
statement will show that while there
are ten high license saloons here, the
city government and the police force are
of the prohibition brand, to offset the
anticipated counter charge that saloons
and their patrons are looked upon with
legient eyes by the city and police authorities.

Early Tuesday afternoon nine privates and one sergeant from the Eighty-second Battery, stationed at Fort Totten, crossed Little Neck Bay in rowboats, and landed at the village pier. They were joined by nine more privates and a sergent from the Eighty-seventh Battery, and the squad of twenty spent several hours in hotels drinking.

About 12 o'clock, when in the heart of the town, they began firing their rowovers. Pedestrians at first took the matter as a joke and began to chaff the soldlers. The soldlers immediately chartened about the postoffice and drove them to their homes.

Yelling like Indians, the soldlers ran down the Middle Neck road firing as fast as they could reload. They traveled in a circle and soon returned to the summer hotels on the Mill road, where they took possession of the Ninesling House, Burke's Hotel and the Lasher House, Usher's Hotel and the Lasher House, Usher's Hotel and the Lasher House, Usher's Hotel and the Lasher Torrifled guests were driven to their rooms, where they, barricaded the doors to keep out the soldlers. This road is two miles long and is lighted its entire length by electric lamps. Not a kamp was left unbroken. Meantime Deputy Sheriff Frank Livermore had organized a posse of cilizers and started in pursuit of the soldiers. Occupants of the houses of If. Bramwell Gilbert, James E. Martin, Cord Meyer, Hamilton E. Field and other fashlonable residences were alarmed at the din made by the soldiers and kept within doors. Sheriff Livermore and his posse pursued the soldiers to the shore, but they had already pulled away in their boats. To avoid pursuit they cut loose two rowboats which were moored at the dock and towed them out into the middle of the sound, where they were set adrift.
